

New Guidelines for Recycling

Beginning Tuesday September 4 we will asking our supporters to help us more at home. This is due to a request from our contact at the frontera who has been coming with his truck to load and return to Costa Rica.

Please continue to wash containers, plastic and glass. We ask you separate all by number on the bottom. We continue to accept #1 that are clear, blue or green. We will continue to accept #2, #4 and #5 in ALL colors . Please separate them into separate groups.

Please separate colored paper from white (office copy paper), Magazine and Newspapers separated.

Following these guidelines will hopefully insure that the buyer will continue accepting our contributions.

Not sorting at home makes our job as volunteers 10 times harder.

VERY IMPORTANT

if we give him anything not on this list he will stop sending his truck to pick everything we have.

Please separate aluminum from your other cans. Wash everything that had food in it.

- 1.- Clear Glass containers
- 2.- Dark Glass “ “
- 3.-Aluminum cans
- 4.- Cans & Scrap metal
